17th September 2021

Quiz Night

The Quiz Night Returns. We've shifted the night to a Monday evening and grown a team of highly informed, deeply intelligent quizmasters whose breadth of knowledge will astound you.

We begin on Monday 27th September on Zoom. You can either click the link [here](#), or you can log in with the Meeting ID, which is 871 1706 8841. You will need the passcode, which is Autumn.

You won't be able to log in from the website, only from here, as we have improved our security, keeping everyone safe.

So, you have a week or so to read through a few encyclopaedias, or warm up with Mastermind or University Challenge.

Sofa Surfers

We're starting a new season of Sofa Surfers, but what shall we explore this time round? There is an open meeting on Zoom for all those who might help organise Thursday nights from the beginning of October. Last year, we had a great team of folk who helped put the whole thing together: would you like to be part of that again?

We meet to organise Sofa Surfers on Wednesday 22nd September at 7.30 on Zoom. Log in [here](#) or use the Meeting ID: 871 1706 8841 and the passcode is Autumn. The more we we can get involved with planning, the broader the subject matter. Last time we had everything from Bearsden in Bloom to Freedom Bakery, via 'What's My Line?'. It really is going to be great.

Creation Month

We have a few ideas for October, which will begin with Harvest on the 3rd, but we are wanting to explore our impact on the environment in a creative way, to show the size of our unexpected footprints. We are going to create a piece of installation art, hopefully, and do some practical actions; so, watch this space to get involved – from plastic fantastic to food banks, via COP26.

Windows

A big thank you to everyone who has sent in your wonderful drawings so far, keep them coming please, it is looking great.

The theme for our third window is **OUR WORKING WORLD**. This will be going up in a couple of weeks. We are looking for lots of **cars, vans, trucks, diggers, cranes and people working**. Plus **skyscrapers, factories and office blocks**.

If you can illustrate any of these in any way, please pop them through the hall letter box. If you'd like to use outlines, there are some attached. With your input it will be fabulous!

Reading for this Week

A chance to live with the readings for a week, reading them a few times over a few days, and unexpectedly finding connections in the everyday in unexpected moments.

What words does your mind gravitate towards? What phrases are new to you?

Make a moment for reflecting, pausing, drawing yourself together each day with the same passage, and see how it grows and evolves and becomes familiar.

Reading for Sunday 19th is:
James 3:13-4:3,7-8a

And the reading for 26th is:
James 5:13-20
